"My Brothers in Arms"

My Brothers in Arms

I'll Never Forget

As the Hands of Time goes By

We tried our Best to keep the Faith
of what we fought for and died

Some of us did not come

The rest we'll have to stand
to believe in god and do what's right
and love our precious land

As we see our brothers off
and they leave this world behind
stand so proud just they did
just like they did

This world is yours and mine
